

**KARUK TRIBE HOUSING AUTHORITY**  
**CHAPTER 20**  
**RELOCATION POLICY**

**PURPOSE**

The purpose of this policy is to set forth the guidelines and procedures related to the temporary relocation of housing participants. These guidelines were established as a result of the Uniform Relocation Act (URA) which was made applicable to Indian programs on April 2, 1998. Prior to HUD approval for any grant, contract, or agreement requiring relocation activity under which HUD provides financial assistance, the Tribe/TDHE must provide a certification of compliance that it will comply with the URA as required at 49 CFR 24.

The Tribe/TDHE will take appropriate measures to carry out the requirements contained in the policy in a manner that minimizes fraud, waste, and mismanagement. Instances of fraud and waste will be handled appropriately by the Tribe/TDHE or referred to HUD's Office of Inspector General.

### III PROJECT PLANNING

Consistent with the goals and objectives of the HUD program, the Tribe/TDHE assures that it will take all reasonable steps to minimize relocation as a result of a rehabilitation project. If necessary to accomplish this goal, the Tribe/TDHE will consider the feasibility of carrying out the project in stages.

The Tribe/TDHE will take the steps necessary to ensure cooperation and coordination among government agencies, utility providers, chapter officials, and affected persons.

The Tribe/TDHE will consult with the residents of the house to be rehabilitated during the partnership process. Resident comments will be solicited and receive serious consideration. Resident participation is required for accurate budgeting.

During the planning stage of the rehabilitation project, the Tribe/TDHE will review staffing, training, and any special problems associated with the relocation caused by the project and develop a plan to address any deficiencies. In order to accurately budget for temporary relocation, the Tribe/TDHE will complete a survey to determine the following information:

- number of households to be relocated;
- income of participants and rents/utilities paid;
- family characteristics;
- impact of relocation on any elderly or handicapped family members;
- availability of suitable temporary relocation dwellings; and
- need or providing advisory services to the housing participants.

### IV PROJECT IMPLEMENTATION

All conditions of the temporary relocation will be reasonable. At the time the Tribe/TDHE determines to allocate funds for modernization, and initial notice will be issued to all affected housing participants. At a minimum, the notice will include the following items:

- statement advising the family they will not be displaced;
- a caution for the family not to move at this time;
- a statement that if the family moves at this time, relocation benefits are relinquished;
- assurance that the family will be able to reoccupy the same project (or same house) if a Mutual Help unit;
- assurance that the family will be informed of any occurrences or events that will impact the rehabilitation; and
- assurance that the housing payment will not increase as a result of modernization.

At the time of project approval, a general information notice (**second notice**) will be issued. Not less than three weeks before the targeted start date of the rehabilitation a **final notice** will be issued. The notice will contain a schedule of eligible costs and the following information:

- date and approximate duration of the temporary relocation;
- address of a suitable, decent, safe and sanitary dwelling to be made available for the temporary period;
- assurance of returning to the same project (or same house) if a Mutual Help unit; and
- identity of contact person for counseling purposes.

## **V SCHEDULE OF ELIGIBLE COSTS**

Actual Reasonable Moving and Related Expenses (49 CFR 24.301) - Payment for actual reasonable moving and related expenses - residential moves. Any displaced owner/occupant or tenant of a dwelling who qualifies as a displaced person including temporary relocation is entitled to payment of his/her actual moving and related expenses, as the Agency determines to be reasonable and necessary including expenses for:

- Disconnecting, dismantling, removing, reassembling, and reinstalling relocated household appliances, and other personal property.

The amount of the voucher will be determined based on provisions in the Travel Policy for meals and incidentals. The amount of the voucher will consider the size of the family.
